Bear, Delaware

We have audited the accompanying statements of financial position of The Glasgow Reformed Presbyterian Church of Delaware, Inc. These financial statements are the responsibility of the Church's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. NOTES TO FINANCIAL STATEMENTS

August 31, 2008 and 2007

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Nature of Activities

The Glasgow Reformed Presbyterian Church of Delaware, Inc. (the Church) is a constituent of the Presbyterian Church in America (PCA). The Church is a not-for-profit organization and is dedicated to proclaiming the Scriptures through the pulpit ministry, worship, education, outreach, and local and foreign mission work. The Church is supported primarily through contributions from the congregation.

2. Basis of Accounting

The financial statements of the Church have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables and other liabilities.

3. Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for-Profit Organizations*. Under SFAS No. 117, the Church is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted.

4. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

5. Property and Equipment

Acquisitions of property and equipment in excess of \$1,000 are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using primarily the straight-line method over the estimated useful lives of the assets.

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

6. Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. If a restriction expires in the same reporting period, the support is reported as an increase in unrestricted net assets.

7. Contributed Services

The Church receives a substantial amount of services donated by its members in carrying out the Church's ministry. No amounts have been reflected in the financial statements for those services since they do not meet the criteria for recognition under SFAS No. 116, *Accounting for Contributions Made and Received*.

8. Income Tax

The Church is exempt from federal income tax under the *Internal Revenue Code*, Section 501(c)(3).

9. Cash and Cash Equivalents

For purposes of the statement of cash flows, the Church considers all unrestricted, highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

The Church maintains its cash balances in several financial institutions located in Wilmington, Delaware. The Federal Deposit Insurance Corporation or Securities Investor Protection Corporation insures these balances up to \$100,000 per institution. From time-to-time, in the normal course of business, the Church's balances may exceed this amount. Management believes the risk of loss is remote. The uninsured amount at August 31, 2008 and 2007 was \$288,182 and \$324,557, respectively.

Subsequent to August 31, 2008 and prior to January 5, 2009, the Federal Deposit Insurance Corporation increased the insured amount to \$250,000.

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

10. Deferred Revenue

Deferred revenue represents tuition and deposits received for academic services to be rendered in the succeeding year.

11. Reclassification

Certain amounts from the 2007 financial statements have been reclassified to conform to amounts in the 2008 financial statements.
